We're right back to Aruba this week with our cover beauty.

The comments received last week were divided. Some boys thought it made little difference where the girls live as long as they are as pretty as Yvonne. Others however felt that, in spite of the fact that they liked what they saw, our Aruban beauties should receive priority, so...

Girl of the Week.

Here's charming Eugenia Sarita vinga!, our girl of the week today. Sarita, as she is called at home and by her friends, was born smack in Aruba on January 11, 1934. With her parents, two sisters and five brothers pretty Sarita with her beautiful hair and dreamy eyes resides at Chilistraat Nº 2.

Two of her brothers, Mikey and Benny, are well known first class footballers and, naturally, Sarita became a football fan.

Our girlie stands approximately 5 feet, 3 inches, and tips the beam at 110.

A graduate from the St. Maria College (MULO) in Oranjestad last year, she is now employed by the Government's Public Work Department.

Sarita generally likes sports and will go to see any game. She has no special hobbies, but is just "nutty" about dancing and movies of which she just cannot tire.

Lovely Sarita has had no negotiations with Cupid... up to this writing.

to the Editor

(Not the responsibility of the Editor)

MULTUM IN PARVO

AU REVOIR MR. GETTS

It was with deep regret that I learnt of Mr. Joe Getts's sudden departure from Aruba. I have had dealings with Mr. Getts in the Industrial Relations Department (formerly personnel department) dating back to 1937. I had the pleasure in dealing with him in my capacity as an employee and later as an employee representative. In all our associations I have always found him considerate and courteous and helpful in trying to solve varied problems of employees. He has also been very straightforward. I remember when he was promoted to the important position of Personnel Manager — even then he did not change — he never got to big for his breeches.

Now that his services with Lago has been terminated, I would like to join his many friends and associates in wishing him "God speed". Au Revoir Mr. Getts.

THE NEW LAGO HOSPITAL.

Most all Lago employees and their family members would be glad to know that the new hospital under construction is mak-

ing astonishing strides. The new building will be equipped with the most modern medical devices and this knowledge should bring additional gladness to all concerned.

The present facilities which served us so well during the past several years is a recognized handicap to the medical staff. However, Dr. Carrell, the medical director, and his assistant, Dr. van Oetrop and the medical staff are to be complimented for their accomplishments despite all handicaps. I sincerely hope that the new facilities would take proper care of the medical staff, a case which they very richly deserve.

MARINE MANAGEMENT

Some time ago I mentioned in my column the deplorable utility conditions existent throughout the refinery — this included the newly erected Marine department utility building which was also "open face". The Marine Department since my article on the subject has corrected their error: now each toilet has a door. This has certainly added to the privacy and comfort of the employees using the facilities, and it is hoped that other departments would follow the Marine Department commendable example.

B.K. Chand.

EDITORIAL

ERRATUM.

Last week THE LOCAL reported that the Aruba Bottling Company had taken local students on a tour of their plant and had forwarded samples of "Sarsaparrilla" to us.

The firm actually responsible for the above is the TROPICAL BOTTLING COMPANY. Our apologies to "Tropical" whom we wish every success in marketing their new product.

MRS. PILGRIM RETURNS. (Correction)

In last week's article we advertently omitted the name of Miss Irmin Pilgrim as one of the daughters of Mrs. Pilgrim. We also inadvertently used "husband" where we meant "wife". Apologies are in order and we hope they will be accepted.

LOCAL NEWS

CAR CRASH AT SAVANETA

On Wednesday evening last about

5 o'clock the Plymouth sedan 1634-A, owned and driven by Croes crashed into an electric light pole at Savaneta. The force of the impact uprooted two other poles in the area.

The pole that was struck was broken in two and the front of the car twisted crazily about the lower half.

In the car with the driver was his wife. Miraculously enough, both persons escaped injury. The vehicle was a total wreck.

CHICKEN A LA DOG.

Mr. L. reported to the police that a dog had entered his chicken coupe and killed 5 chickens and a rabbit. The dog was shot on the spot by the cops.

THEFT AT AURORA BAR.

On Tuesday morning it was discovered that unauthorized person(s) had entered the Aurora Bar in Santa Cruz. Investigation revealed that an amount of f 700.— had been stolen from a cabinet. The police was notified and has the matter under investigation.

THE SISTERLY FONT OF HOPE CHAPTER No. 22 Celebrated their 11th Anniversary.

Sunday last marked a big event for the sisterly Font of Hope Chapter No. 22 Lodge; their 11th anniversary.

For this event a Thanksgiving Service was held in the upper part of their clubhouse building, where delegates of various Lodges, Societies and friends were invited to join them in celebrating this occasion.

Guest of honor was Reverend O'Connor. The ceremonies were

led in a very devout manner by Miss C. Richardson who acted as Lady of Ceremonies.

Reverend O'Connor said a word of prayer and outlined in short the meaning of the three words the Lodge stands for: *Peace, Love and Unity.*

Acting Secretary Mrs. Wood gave the yearly report which was very satisfactory.

Other speakers were Messrs. J. Noel, Bristol, Lardy, Louis and Sisters Ellen Lee and Beryl Withfield.

Delegates present were, Court Aruba No. 10028 (A.O.F.), Star of Aruba Lodge No. 12 (I.O.M.F.S.P.U.), Prospect Lodge (G.S. & D.S.), Pearl of Aruba Lodge (G.U.O.O.F.); Community Brass Band Club, U.N.J.A. div. 504; Amateur Dramatic Club; Jewel of Aruba Lodge and the Druids Lodge. All brought impressive messages from their Organizations to the Font of Hope Chapter No. 22.

During the service very touching Hymns were sung. The Service closed with a word of prayer by Reverend O'Connor.

Following the ceremony there was a banquet during which a toast was drunk in honor of Her Majesty Queen Juliana and secondly a toast for the Font of Hope Chapter No. 22. The evening ended with dancing.

MYSTERIOUS EXPLOSION AT SEA.

Last Sunday morning the tug "Atlantis" set out to sea with destination Curacao, towing along two barges belonging to the "Netherlands Company for Harbor Works".

On Monday morning the captain of the Atlantis cables that one of the barges had sprung a leak and, consequently he was returning to Aruba. This message was followed by another that afternoon that one barge had exploded and sunk.

At press time it was not known what caused the explosion.

The Harbor Works company declared that there could not possibly

be explosives or gun powder aboard the barge, while person aboard the tugboat claim that there was a very strong scent of gun powder with the explosion.

On Monday night the Atlantis and other barge arrived safely at Oranjestad harbor.

LAGO HEIGHTS ENDS SOFTBALL SEASON WITH TROPHY PRESENTATION AND DANCE.

The Lago Heights Softball competition sponsored by the Lago Heights Advisory Committee came to a close officially on Saturday night last before a capacity crowd.

The program started with a short softball match between Babe Ruth and an All-Star team which ended in a 16-1 victory for the Babes.

Immediately following the game Mr. B. I. Viapree, chairman of the softball committee, took the mike — he welcomed the large crowd present, thanked them for their inspiring attendance at matches during the competition and promised that the Lago Heights Advisory Committee will continue their efforts to provide sports and entertainment for the benefit of the Lago Heights community. In his speech he took time out to lament the recent death of the late Colony Service Manager, Mr. J. J. Abadie. He then introduced Mr. N. M. Shirley, new Colony Service Manager.

In his speech, Mr. Shirley expressed regret over the death of Mr. Abadie. He praised the untiring efforts of the Lago Heights Advisory Committee and those who ably assisted them; he thought that purpose of the gathering that night was ample proof that the committee's efforts were crowned with success. Mr. Shirley promised the continued cooperation of the Colony Service Department.

Following Mr. Shirley's speech trophies were distributed by the following ladies of the Lago Heights Community - Misses Irma Bakker, Gregoria Arens, Marcelina Werleman, Gloria da Silva and Yvonne da Silva.

Following are the teams and in-

BOXING

AMATEUR CARD SUCCESSFUL

An estimated 300 persons were present at the Arena National last Sunday to see the Amateur Exhibition card promoted by Mr. J. Eusebio Croes.

Those who were there saw a card of good boxing throughout with each contestant giving his best. That the boxers were well matched was evidenced by the fact that all amateur fights ended in draws.

Smiling Joe substituted for Kid Colombia against Aruba's most promising prospect in the amateur

ranks, Curley Kayo. This youngster showed once more that he has what it takes and with proper coaching and handling he should make the headlines.

Sugar Boy Nando's exhibition was cancelled. This is due to the fact that his suspension is still in effect, the expiration date being early next month. Owing to a misunderstanding it was believed to have expired this month. To compensate the fans, the other exhibitions went 4 rounds instead of 3 as originally planned.

The promotor and matchmaker wish to use this medium to thank the boxers, sport fans, and all those who assisted as referee, time-keeper, etc., to make the card successful.

NELSON ALVAREZ TO U.S.A.

"Battling" Nelson Alvarez, is now in the process of preparing for his return to the U.S.A.

Nelson who has already done some fighting in the Golden Glove ranks, hopes to enter professional competition in the U.S.

SPORT

CRICKET

ST. VINCENT "B" RETAINS B-CLASS CHAMPIONSHIP.

Saturday afternoon at the Lago Sport Park, St. Vincent "B" defeated Lake Fleet to retain the 1952 Lago Sport Park Cricket Competition Championship.

St. Vincent was all out for 75 runs in their second innings, Bacchus top scoring with 21 before he returned to Ramsey, and James run out for 12 were the two chief scores. Bowling for Lake Fleet, Wilson took 2 wickets for 11, Patterson 4 for 15 and Ramsey 4 for 16.

With 131 runs to make for victory, Lake Fleet with a 10-man team dismissed for 67 runs, Ramsey top-scoring with 20 caught off Monroe and Kaiser Hynam 13 run out. McCoy gave a brilliant display behind the wickets for St. Vincent, allowing only three byes during the entire game.

Bowling for St. Vincent, James took 2 for 24, Bacchus 2 for 10, Pemberton 2 for 15 and Monroe 2 for 16.

Our congratulation to St. Vincent on their magnificent achievement and better luck next time to Lake Fleet.

BARBADOS DEFEAT RISING SUN TWO TO ONE.

Frank Bryan gets Hat Trick

Barbados again took the lead in the first class division of the current 1952 cricket competition Sunday when they defeated Rising Sun two to one before a packed stadium.

Barbados occupied the wicket first and declared with 206 for 6 wickets in 155 minutes, Chester Reid giving a beautiful display of batsmanship for 73, Sealey flashing a brisk 37, Martindale 35 not out, Bryan 35.

Bowling for Rising Sun, Jarvis took 2 for 37, Emanuel, Hubert, Flanders and Halley taking one each for 52, 25, 47 and 17 runs respectively.

Rising Sun in their first innings were routed for 39 runs in 80 minutes, Norris Daniel and Gumbs taking the score from 7 for 4 to 36 for 5, Gumbs 14, and Daniel remaining undefeated for 9. For the first time in this series, Frank

Bryan, slow right-arm off-break bowler performed the hat trick when he got Carlo caught in slips, bowled Hubert and got Jack stumped in three consecutive balls. In the opening Infill was almost unplayable and returned 4 for 7, Bryan 3 for 2, Shockness 2 for 12 and Martindale 1 for 6.

Forced to follow on, Rising Sun made a better show and were all out for 66 runs with half-an-hour's more time to play as Shockness routed 6 for 29, Ifill 2, Bryan 3 and Martindale 1.

This time Rising Sun's juniors, Jack, Daniel and Halley defended most stubbornly against the wily and more experienced bowlers and are to be highly congratulated on their performances throughout the entire game.

Barbados now leads the first division and has one game more to play. St. Vincent second position with two games to play and three points behind.

BABY RUTH DEFEAT
HEINEKENS 11 — 7.

Baby Ruth took the lead from Heinekens in their initial game 5 — 0 in the fourth when Heinekens made a change in their line up and placed Wallace on the

mound.

In the fifth Baby Ruth ran into trouble when Bryan got a long single between left center, Marlin took a dead ball, Marval grounded to second and advanced the runners, making first on fielder's choice, Gansha grounded to his brother who fumbled and scored Bryan.

Phillip rolled to Hughes on the

mound who threw out Marlin going home and in attempting to make a double, Phillip was beamed and went to second, scoring Marval and Gansha.

With the score 5 — 3 in favor of Baby Ruth they scored Guillermo, Slugo, Chago and Gibbs to lead 9 — 3.

The 7th. inning was most interesting for Heinekens as they scored 4 runs before their innings was closed.

Marlin made a hot liner over third, stole second and scored on a wild pitch.

Marval tripped to first, Gansha made an infield hit advancing Marval, Wallace also received a ticket to first and Hillman came in to shelve Hughes.

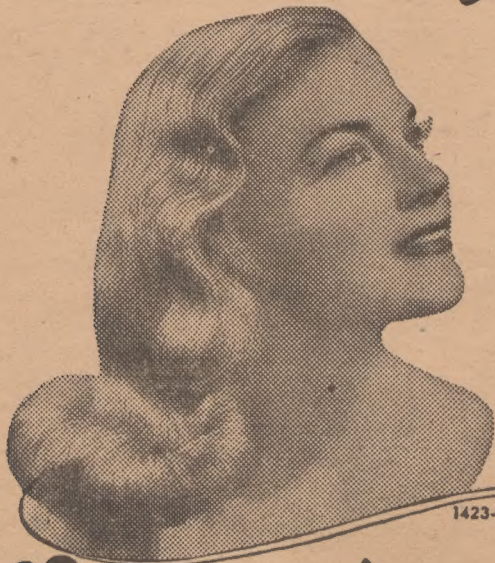

Ras got his first walk and scored Marval Jones then made a terrific single to center and scored Wallace and Gansha.

Cham and Bryan grounded out to close the inning.

Baby Ruth closed the stanza with a double when Gibbs and Arrindell were giving free rides, Reid grounded to short killing Arrindell and pushed Gibbs to third.

Reid stole second and went to third when Phillip erred Patterson's grounder to short and Reid scored on the fumble. Hillman failed to

score Patterson from second and the game came to a close 11 — 7 in favor of Baby Ruth.

It can be said that Heinekens gave a good display as a junior team and much is expected of them under the capable management of Bobby Richardson.

Hughes registered his first victory while Wouts was tagged with the loss.

Baby Ruth scored 8 hits, and made 3 errors while Heinekens collected 7 hits and made 5 fumbles.

Reid was Baby Ruth's outstanding player and collected 3 for 4 while for Heinekens, Gansha Richardson collected 2 for 4, Jones 2 for 5.

FOOTBALL

ANTILLES LOSE 2 — 1 TO TURKEY IN OLYMPIC MATCH.

On Monday of this week the Netherlands Antilles had to bow to the Turks on the football field, when Turkey took a 2 — 1 win from our boys and with it eliminated us from further competition in the Olympics.

Cold weather greeted our team as they entered the field to meet Turkey in the Antilles' big match in the 1952 Olympics, but our boys showed no concern as they put up a good fight and, had lady Fortune been just a little bit kinder to the Antilles, the score might easily have been reversed.

One of the 2 goals scored by Turkey was a penalty. The other came from a shot fired from what appeared to be an "off-side" position. Hato, our goal keeper stopped the leather but it bounced back in front of an unrushing Turk's boot and he had no difficulty placing it outside the reach of the fallen Hato.

A penalty awarded the Antilles was kicked by Hato and stopped by Turkey's goal keeper. The Antilles' only goal — the most beautiful of the match — was scored by Juan Briezen. Both Juan and the goaly jumped high for the ball, but Briezen's head reached it before the hands of the goal keeper.

The score at half time was 1—0 in favor of Turkey.

KORFBALL

YOUNG ARUBA — FLASH 0--0

On Sunday last a large number of spectators was present to see the opening match of the Lago sponsored island wide korfbal competition between "Amstel" henceforth known as "Young Aruba" and Flash.

Mr. B. Teagle, Lago's Public Relations Manager, threw the first ball to start the closely contested match.

Almost immediately fans of both teams started their roars as both baskets were repeatedly attacked without scoring success on either side.

This well played match ended in a 0—0 draw.

Good sportsmanship was displayed throughout the match and it is hoped that this spirit will prevail.

There will be no game tomorrow as one of the teams has withdrawn from the competition.

ALL-DAY SPORTS AT LAGO HEIGHTS FIELD TOMORROW.

The Lago Heights Club will celebrate its 11th. anniversary tomorrow by having an all-day series of games.

At 10.00 a.m. the softball knock-out competition will commence between Baby Ruth, Nash, Amstell and Caribe.

Later in the afternoon there will be the lawntennis competition between Esso and Lago Heights and at 5.00 p.m. the Annual Bachelor-Benedict football match.

For information of all sport fans, the bleachers will be covered and more seating accommodations will be available. This sport is being conducted for your entertainment so be there early.

At the end of these series, trophies will be presented to the winners.

EIGHT JUNIOR BASEBALL TEAMS ENTERED FOR JUVENILE COMPETITION.

At the time of going to press, news has been received that eight teams have entered the 1952 Juvenile Baseball Competition scheduled to start in a few weeks.

The names of the teams are: WHITE SOX, BABY RUTH JR. ROCKETS, THE LOCAL, RED SOX, ORANJE JR. GIANTS and HAPPYLANDERS.

The names of the players of five teams are as follows:

WHITE SOX

H. Abrahams, M. da Silva, H. Coffi, R. Benschop, F. Sage, A. Gittens C. Hassell, C. Mc. Gibbons, P. Amaya, E. James, D. Arends, L. Richardson.

1952 OLYMPICS OPENED

Last Saturday, at Helsinki, the 15th Olympics was officially opened by President Paashikivi of Finland.

A huge (more or less babylonian) crowd was on hand to witness the grandiose and solemn opening-ceremonies in which over 5000 participants of 69 countries took part.

The first of the participants to enter the new, large stadium were the Greeks (in honor of the fact that the Olympic Games originated at Athens); they were followed immediately by the Antilleans and other Countries in alphabetical order (according to Finish spelling); Finland being the host, the Finnish athletes came in last.

The climax which had a deeply moving effect on the spectators and participants alike, came when Paavo Nurmi, famous Finnish Olympic hero, ran into the stadium, Olympic Torch held high in hand, and proceeded up to a 73 m. high tower where he lighted the Olympic flame which will burn continuously for the duration of the 1952 Olympic from July 19 to August 3.

Following the Olympic Oath, a large select choir solemnly sang the Olympic Hymn.

"Miss Universe", beautiful Armi Kuusela of Finland was also on hand for all to see.

Judging from reports received so far, the Olympic Committee in charge of organization are to be commended highly for the very excellent manner in which they took care not only of the opening-ceremonies, but also for the fine accommodation and care of all participants, which indeed is no small matter.

The Antilleans, for one, are highly satisfied about accommodation, food and other care.

WELTER WEIGHT CHAMPION KID GAVILAN WILL DEFEND TITLE AGAINST BILLY GRAHAM IN CUBA.

Kid Gavilan who is presently vacationing in his homeland Cuba, paid a visit to President Batista of Cuba.

Nodarse, Sport Director of Cuba, said that the title bout between Gavilan and Graham which will take place around next October will be held under auspices of the Cuban Government.

Gavilan will also tour Argentina, Chili and Peru, where he will engage several fighters over there.

World News

PERSIA.

Last Friday, Chaven Sultaneh, was appointed Premier by the Shah after Dr. Mossadeq has relinquish his position. The appointment of Sultaneh resulted in an outbreak of rioting and demonstration against the new government, and a recall for Dr. Mossadeq.

The demonstration caused Sultaneh to resign after only three days in office. After his resignation was announced crowds marched through the streets carrying full size pictures of Mossadeq.

It is believed by observers that Mossadeq will take up the reign of government again, or his right hand man, Hussein Makki would be called upon to head the government.

EGYPT.

Last week end, Hussien Sirry Pasha, after 18 days in office resigned from the position of Premier, thus ending Egypt fifth cabinet since January this year. Hilary Pasha who resigned the Premiership only four weeks ago, was called upon to take up the office again.

Hilary was Premier for four months during which time he brought to Egypt a measure of stability to the country. His new cabinet will include many of his former Cabinet members including the Former Finance Minister Z a k y abdel Pasha, and the former Minister of the Interior, War and Marine, Mora Maraghy Pasha.

ARGENTINA.

Last week end, all Argentina radio stations interrupted their programmes to report that the President's wife, Eva Peron, was sinking fast.

Masses for her recovery were held all over the country, with the greatest being held in the vast Inlaga de la República in the centre of Buenos Aires which was attended by over twenty thousands.

Saturday and Sunday Children's shows were cancelled, and the Argentine delegation to the Olympic meeting in Helsinki did not participate in the inauguration parade on Saturday, but attend mass. Congress passed a law granting Eva one of Argentina's highest decorations, "The Collar of Liberator San Martin".

BERLIN

Last Saturday East German Communist regime ordered all former officers of the Wehrmacht to register for possible service in the "People's Army". The interior Ministry ordered them to report to the provincial police headquarters for political examination by the Russian-pattern security service to judge their suitability to become officers of the new East German Army.

The Russians have always kept close watch on former German officers in their zone who have been required to keep in touch with the police throughout the occupation.

Western observers saw the new registration as part of the present survey of East Germany's manpower to see how a "volunteer" army can be raised without hurting the zone's precarious economy.

U.S.A.

Last Saturday the veteran mercy ship, Gripsholm, rescued 45 of the 49 persons aboard a chemical-laden Norwegian freighter which burst into flames 200

miles east of New York. The 5,000-ton freighter, "The Black Gull" carried nine passengers and a crew of 40.

The four missing crewmen leaped 35 feet off the stern of the vessel. Coast Guard cutters and planes scoured the area for them.

The Black Gull carried a cargo valued at \$1,500,000 by her charterers.

Glimpses from the New World

The economic impact of the family car

Detroit (Vaz Dias) — There are more than 600,000 American business firms engaged in the automotive and affiliated industries, according to the 1952 edition of the Automotive News Almanac. The figure includes over 167,000 gasoline stations many of which by non-American standards do a "big business" dollar volume; more than 200,000 garages, some 48,000 new-car dealers and over 36,000 exclusively used-car dealers.

Health problems of executives.

New York (Vaz Dias) — High pressured advertising men live shorter lives than the average American. The life expectancy of the advertising executive, engaged in what medical authorities call a "stress occupation", is only 57 years as against the 69 years' life span his fellow breadwinner may look forward to. Heart

trouble and high blood pressure are foremost among the fatal diseases striking the advertising profession. Believing that something can and should be done about it in the early stages of these occupational diseases, the Madison Foundation for Biochemical Research and the Fanny Markel Medical Group, both non-profit organizations, are offering advertising executives and similarly burdened businessmen complete medical tests against a prefixed nominal fee of \$75. This fee covers all diagnostic services required, regardless of the number of specialists to be consulted or how many laboratory tests may be necessary. Although the plan does not provide for medical treatment, it has met with favorable response from the advertising profession which seems to be fully aware that something is wrong with it healthwise.

Television programs for the deaf!

Philadelphia (Vaz Dias) — A television station here is starting a series of programs specially adapted for the deaf and hard of-hearing. Deaf sign language will be used by experts to report news developments and to comment on developments in fashion and home economics for the benefit of the handicapped category of viewers. The originators of the program were quick

to realize that deaf people constitute a new audience which could not be reached by the "old fashioned" medium of radio.

Underground gas storage.

Jackson (Vaz Dias) — Gas supplies for the defense industry are now being stored in a giant "lung" which sucks in billions of cubic feet of natural gas. The vast underground fields, 1,300 feet in depth are situated in the Craneberry Lake area of Michigan and fed by pipelines from the south and the southwest. During high winter-months requirements the stocked-up supply will go to such important customers as General Motors, Ford Motor Company, Chrysler Corporation and Reichold Chemical Co., all working on defense contracts.

The present 25 million cubic feet capacity of the "lung" is being enlarged and will, upon completion of current drilling operations, be increased by 25%. The increased capacity will take care of the heavy winter peak load.

Expansion of Dutch oil refinery.

Rotterdam (Vaz Dias) — The Royal Dutch Shell Group's oil Refinery at Pernis (near Rotterdam) — the largest on the European Continent — which processed nearly 6 million tons of crude oil in 1951, will be expanded to a capacity of 9 million tons a year.

International Stamp Exhibition.

Utrecht (Vaz Dias) — To commemorate the centenary of the Netherlands postage stamp a large international stamp exhibition was held in Utrecht under the patronage of Prince Bernhard. The approximately 250 exhibitors included 45 from the Netherlands, 36 from Belgium, 33 from Great Britain, 30 from the United States, 14 from France, 15 from Switzerland, 10 from Australia, 7 from Norway, 5 from South Africa; 5 from Egypt; 4 from Sweden; 4 from Finland; 3 each from Luxembourg, Italy and Spain; 2 each from Ireland and Israel and 1 each from Portugal, Canada and Brazil. The Queen of England and Cardinal Spellman lent part of their famous collections.

There were beautiful collections and rare stamps on show — for instance a stamp from Mauritius which had been insured for no less than £50,000.

Changing buying habits.

New York (Vaz Dias) — New trends in merchandising and retailing which may revolutionize the present retail pattern are becoming apparent in the United States according to merchandising experts. More and more department stores and supermarkets remain open during the evening and it is believed that as much as 60% of the total sales volume may eventually be done at night. With millions of women working in daytime jobs, evening hours see more and more couples making the family purchases. Shopping all by himself, the father of the family is already now making 25% of all food purchases in supermarkets.

Within the next 20 years or so a three-day weekend and a 32 hour work week may have become a reality. With two-day summer weekends becoming the rule even now, Saturday is rapidly losing ground as the biggest retail day of the week and may

eventually be replaced as much by Monday in a five-day retail week. The trend toward self-service and self-selection by the customer, which is responsible for the immense growth in supermarkets, is still only in its initial stages and will cause fundamental changes in department stores and other forms of retail as well.

Two coloured lace.

Amsterdam (Vaz Dias) - After experimenting for a long time, a textile works at Hengelo, Holland has succeeded in making a two-coloured lace which shows very special colour effects. The difficulties involved in processing this product have now been entirely overcome.

The result of these efforts is a fine product which can compare in every respect with the more expensive foreign types.

This new article will be marketed under the name of "brocade lace". The material is in great demand for the manufacture of cocktail dresses, evening blouses and evening gowns.

Great interest has already been shown abroad in this new Netherlands product.

LOCAL NEWS.

**S.N.C.C. TO REPEAT
CONCERT.**

Plans are presently underway for a repeat performance of the recent successful concert staged by the San Nicolas Cultural Club. Locale of the new show is to be the Lago Club, and the date Saturday night, August 2nd.

Plans are being made to bring back all the artistes, including the Aruba Symphony Orchestra, the "Melodie" choir, the famous "duet" and the plays. On this occasion, however, the concert will be shorter, to enable all

those who attend to see the whole program without having to remain until too late an hour.

And to end off the evening there will be DANCING to music by a popular orchestra.

Picture of H. M. Queen Elisabeth II and the Duke of Edinburgh, made by Dorothy Wilding, is the first by H. M. Since ascending the throne. The Queen wears an ivory brocade silk robe interwoven with gold and turquoise, trimmed along the neckline with turquoise velvet. As a distinction she wears the ribbon and star of the most noble Order of the Garter. The neckpiece was a wedding present from the Nizam of Hyderabad. The tiara (headdress) entirely made of diamonds and pearls, was worn by the Queens of England since Queen Victoria.

CANDID NOTES.

Clyde H. Mayers

Recently a notice appeared in the Aruba "Esso News" inviting applications from stenographers with at least five years' experience for position in the Lago Refinery. When an organization the size of Lago resorts to advertising for this type of personnel it is because (1) The vacant positions call for better qualified personnel than could be

found by upgrading those already employed; or (2) There is an acute shortage of such personnel.

There is no shortage of stenographers within the organization, and no position which could not have been filled by upgrading; therefore, there must be other reasons for this action.

It is true that some stenographers turn out work much below standard, but in many cases, this is not the fault of the individual stenographers, but rather the conditions under which stenographers are required to work. The standard of work turned out is set by the Service Supervisor and the quality of the letter by the dictator, however, the chief qualifications of many supervisors and dictators are "Seniority" and "Inherent Right". Such men, powerful but unqualified, resist all attempts to set up a high standard. Dictators, unable to dictate, spend considerable time in writing out hand drafts, reducing the stenographer to a mere typist.

If a good stenographer is assigned to such a person, sooner

Something new!
What?
THE FASHION SHOW
With MUSIC and DANCE
ON AUGUST 9
by the Aruba Amateur Dramatic Club

or later the stenographer loses his enthusiasm for the job and either leaves or turns out mediocre work. In all departments there are stenographers who are dissatisfied with their jobs because while they were employed as stenographers, are carried on the payroll as such, they have been assigned straight typing work or even filing. These stenographers would have appreciated the opportunity to be upgraded into a stenographer job or to be called upon to do stenographic work so that they could make more use of their ability and at the same time be in line for higher salary. Before running the advertisement, these stenographers should have been informed of the positions available and an opportunity afforded them to be upgraded.

The non-stenographer may ask "What the heck" after all, you receive the pay. A mediocre stenographer probably would agree with this, but there are several stenographers, including some recently employed, who are not satisfied with existing conditions.

Lago Management may have felt that the work turned out could be better and the answer would be to employ experienced

stenographers; however, this has only resulted in the employment of stenographers to do typist work. If Lago wishes to keep good stenographers, typists should be employed for straight work, courses should be held for Dictators (Definitely in short supply), and if stenographers are employed to do typist work, they should be so informed before being employed.

A change in the condition mentioned above, upgrading and promoting on ability and not "Seniority" and "Inherent Right" would provide a Stenographic Group for any organization.

SPECIAL CONGRATULATIONS.

Our special good wishes this week go to Benny Vingal and Miss Escolastica "Scolly" Wernet who were engaged last Sunday. Benny is an employee of the Lago's Medical Department and "Scolly" is the girl handling his ideas in the Coin Your Ideas office. This time Benny had ideas he did not care to "coin", however, but he decided to share them with "Scolly" just the same.

COLORFUL WEDDING AT METHODIST CHURCH.

The San Nicolas Methodist Church was the scene of a youthful and colorful wedding on Saturday afternoon last, when over four-hundred spectators witnessed Mr. Antonio Illidge take as his bride, charming Miss Beryl Yvonne Duinker of San Nicolas.

At 5.00 p.m. the bride arrived with her father and presented an

exquisite figure in a long white nylon gown fully gattered waist, long train and a buttonless embroidered bodice.

A tiara of pearls held her head-dress in place, attached to a finger-tip veil. A beautiful bouquet of flowers carried out the arrangement. She was attended by her sister Jella who was dressed in white nylon with a filled skirt bordered with silver.

After the ceremony, the procession passed through the main streets of San Nicolas and repaired to the Excelsior Club where the reception lasted until the following morning. Mr. & Mrs. Illidge were the recipients of many beautiful and useful gifts.

Rev Thompson conducted the ceremony while Miss Aida Wijnaar thrilled the audience with appropriate melodies on the organ.

WEST INDIAN NEWS:

BOYSIE SINGH SENTENCED TO 18 MONTHS

BOYSIE SINGH, once condemned to death for murder and central figure in the famous "Floating Corpse" trial, was this week sentenced by a Trinidad court to 18 months imprisonment on a charge of receiving a stolen

Singh was charged with stealing and/or receiving a fishing net and an outboard engine, to a total value of \$1000. He was found guilty on the charge of the net.

During the trial it was disclosed that two fishermen who had put out to sea with that net and engine one night in 1950 have never been heard of again.

Rob is dragged aboard the sloop and taken to the "Astra", where Larry does not treat him too gently. Rob decides not to say a word, but there comes that engine-driver with his blue eye. Well, he is not too shy to speak. "So," grins Harries,

know what we are doing on this ship? And tell me, where have you been and what did you see? Rob doesn't answer. Then he is searched and out of his pockets comes... Harries own revolver, that Rob took from a drawer of his desk. But they don't find the

film. Harries is furious, now that he knows, that Rob searched his cabin. Meanwhile Larry has searched Rob's cabin, where he finds the radio-transmitter. Now the last bit of doubt is gone: Rob is a spy. And as a spy he will be treated.
